This internal reprogramming action is required because it affects a congressional special interest item. The action realigns funding within Research, Development, Test, and Evaluation, Army (RDT&E, A), 01/02, for proper program execution. The realignment does not change the purpose for which the funds were originally appropriated. This action meets all administrative and legal requirements of the Congress and has not previously been denied by the Congress.

---	--------	--------	--------	--------

Explanation. In FY 2001, the Congress provided \$7.5 million for development of the Objective Crew-Served Weapon (OCSW). Funds will be used to conduct OCSW maturation activities, particularly in the areas of fuze and fire control risk mitigation. These activities are more properly funded in Budget Activity 3. This action realigns the funds for proper execution.
